

CS70 Spring Steel

Hardened & Tempered / Annealed

CS70 spring steel strip, sheet and plate

CS70 spring steel stockholders and suppliers, delivering throughout the UK.

This grade is a carbon spring steel with an average carbon content of 0.70%. West Yorkshire Steel are stockholders and suppliers of hardened and tempered spring steel strip, sheet and plate supplied to specification and conforming to BS1449 and BS5770 designations. The strip is supplied in coil and can be cut to your requirements. It is common for CS70 strip to be supplied with a polished finish; this is achieved by fine grinding, abrasive brushing or other processes. With this polished finish the strip can be supplied with dressed edges or sheared edges slit to your required width. For spring applications it is recommended that CS70 hardened and tempered condition be used. CS70 annealed is available as plate, sheet and strip.
