

Super Duplex Stainless Steel

A higher strength material than conventional austenitic stainless steels

Super duplex stainless steel stockholders and suppliers, delivering to the whole of the U.K. West Yorkshire Steel are suppliers of super duplex stainless steel in round bar, sheet and plate. Stocks are held in grade [UNS S32760](#), S32750, F55, 1.4501. Super duplex stainless steel gives excellent corrosion resistance in a wide range of environments, providing outstanding resistance to pitting and crevice corrosion in seawater and other environments containing chloride. It is a higher strength material than conventional austenitic stainless steels and standard duplex grades. Used in a wide range of applications in industries such as oil, gas, paper, chemical and marine.

We welcome export enquiries for stainless steel. Contact our sales office and consult our [shipping policy](#) for further details.
