

Anti-Slavery & Human Trafficking Policy Statement

West Yorkshire Steel opposes any use of slavery or human trafficking in the manufacture and distribution of our products and fully supports the promotion of ethical and lawful business practices within our workplace.

This Policy outlines the efforts West Yorkshire Steel will make to seek to eradicate human trafficking and slavery from our supply chains. West Yorkshire Steel will not tolerate or condone any form or practice that constitutes human trafficking or slavery in any part of our company.

West Yorkshire Steel's suppliers are an important part of our success and our culture. We expect each of these business partners to conduct their business with the same commitment to ethical business practices as West Yorkshire Steel. The workplace practices that we expect from our suppliers include:

- Suppliers are not to use slave labour, illegal child labour or forced labour.
- Suppliers will ensure that the overall terms of employment are voluntary.
- Suppliers shall follow all local applicable laws pertaining to minimum age requirements, wages, overtime and benefits.
- Suppliers shall follow all local applicable laws pertaining to the number of hours worked in a seven (7) day week.
- Suppliers will periodically certify that they conform to the expectations described above and that all materials incorporated into their products comply with the laws regarding human trafficking and slavery of the country or countries in which they are doing business.

Suppliers must be able to demonstrate compliance with this Policy at the request and satisfaction of West Yorkshire Steel. West Yorkshire Steel will conduct internal verification of product supply chains to evaluate and address risks of human trafficking and slavery.

West Yorkshire Steel will maintain internal accountability standards for employees or contractors failing to meet company standards regarding slavery and human trafficking. West Yorkshire Steel will promptly and thoroughly investigate any claim or indication that a supplier is engaging in human trafficking or slave labour. If a supplier to West Yorkshire Steel is found in violation of this policy, West Yorkshire Steel will take prompt, remedial measures to address the violation. West Yorkshire Steel will provide ongoing training to its employees (including those who have direct responsibility for supply chain management), on the laws and West Yorkshire Steel policy against human trafficking and slavery.

Policy has been approved on the behalf of the Directors
