

BS1452 Grade 200 Cast Iron

BS1452 Grade 200 Cast Iron suppliers, delivering to the whole of the UK. Cast iron grade BS1452 Grade 200 is continuous cast and supplied in rounds and flats. With its fine grain structure it gives excellent machineability characteristics to achieve a good polished surface finish. As a continuous cast iron bar grade it has a fine grain structure, combined with the fine graphite flake size and dense homogeneous structure.

We welcome export enquiries for cast iron bar. Contact our sales office and consult our [shipping policy](#) for further details.
